

## Arkansas SkillsUSA Fall Leadership Training Roadmap

Arkansas SkillsUSA Fall Leadership is an event designed to help you develop leadership among students that are enrolled in your local chapters. The event is led by the Arkansas SkillsUSA state officers who will work with your students in carefully selected activities designed to foster student ownership of their own futures. Students will be divided into groups from different schools in order to meet new people and foster new learning opportunities. A meet and greet for students will be held during the provided lunch session so that students will have an opportunity to interact with other schools that are not part of their group for the day.

The list of sessions for the 2023 fall leadership event will be as follows.

Session 1: **How to be a leader**, presented by Abigail Sellers and Maggie Lawrence from Ashdown High School

Session 2: **Be a role model**, presented by Kam'Ryn Tripplett and Maddisen Levingston from Metropolitan Career Center

Session 3; **Teamwork**, presented by Bannon Price and Caroline Silva from Ashdown High School

Session 4: UAPTC Campus tour presented by UAPTC Campus ambassadors.

There will also be an advisor session during the day for the Arkansas SkillsUSA staff to discuss upcoming events with teachers and administrators that are in attendance. The room assignments for these meetings will be announced at the event.

Group	Red	Blue	Gold	Green
9:00	<b>Opening Session</b>
